

## PREFACE

The EOC Strategic Agenda 2030 having undergone final review by the Working Group led by Djordje Visacki, it has been decided that it would be appropriate to circulate the updated version once again for final approval as per Byelaw 5 to Article 12 of the EOC Articles of Association, which you are asked to do by completing the following declaration by close of business on 10 December 2022. Should the EOC not receive a reply by that date, this will be considered silent assent and therefore the EOC Strategic Agenda 2030 approved by your NOC.
